THANK YOU

parents:

Thank you for cheering us on today and always.

For all the effort, time and energy you've dedicated to enable your child to dance.

For believing in the power of dance to make a positive impact on your child's life.

Year after year, we watch our dancers grow into the beautiful people they are.

We know this would not be possible without your love and support.

May our kids learn to dance through life!

With love and gratitude,
Your TDA Family
